

Charter Prices 2014

General information about all our Charters

- To book a charter in your own right (i.e. picking your charter type and charter dates) you need a party with **a minimum of four people** - the per-person rates provided below are based on four people.
- If you are a party of less than four people, we also have scheduled charters which any person can join. This is a separate brochure which can be provided on request.
- Our prices do not include, nor do we book, air flights – however we are happy to provide you with information to assist in booking flights.
- We recommend that you take our travel insurance – you may wish to consider AIG Insurance options.
- We provide tackle and equipment for all trips on a replaced if damaged or lost basis, however you are welcome to bring your own gear if that is your preference.
- If you wish to take your fish home we offer a service to freeze and pack your fish ready for your flight the next day (and will deliver to your accommodation). Please email for price per box.
